

# DESOLDERING PRODUCTS DESOLDER WICKS

**RMA base flux.**  
**DESOLDERING WICKS**  
**CP series**

## CONVENTIONAL DISPENSER PACK

●High-quality desoldering wick with braided copper wire, saturated with non-chlorine special flux. ●Can be used for precision PCBs safely.

MODEL	Type	Width	Length
CP-1515	Tubular Knitting	Approx. 1.5mm	Approx. 1.5m
CP-2015	Plain Knitting	Approx. 2.0mm	
CP-2515	Tubular Knitting	Approx. 2.5mm	
CP-3015	Plain Knitting	Approx. 3.0mm	

## BULK-LENGTH SPOOL

●Bargain extra-long wicks with spool. ●Makes it easy to take anywhere.

MODEL	Type	Width	Length
CP-20B	Plain Knitting	Approx. 2.0mm	Approx. 30m
CP-25B	Tubular Knitting	Approx. 2.5mm	Approx. 20m

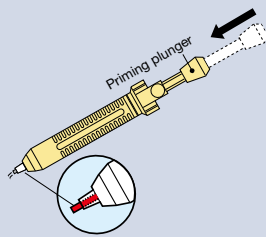

# DESOLDERING PRODUCTS DESOLDER PUMPS

**Manual pumps suck up solder.**  
**Plunger pumps are light, strong, and economical.**

**DESOLDER PUMPS**  
**GS series**

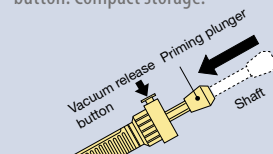

### SELF-CLEANING SHAFT

When the plunger is pushed, a piston extends out the nozzle. This prevents solder build-up.

### PLUNGER LOCK FUNCTION

The plunger can be stored inside the shaft by pushing it in completely, and pressing the vacuum release button. Compact storage.

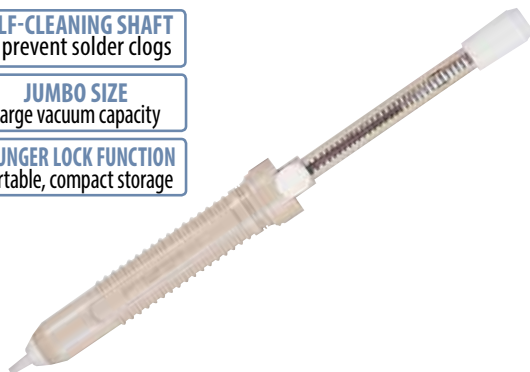

**GS-100**

**SELF-CLEANING SHAFT**  
To prevent solder clogs

**JUMBO SIZE**  
Large vacuum capacity

**PLUNGER LOCK FUNCTION**  
Portable, compact storage

## SPECIFICATIONS

MODEL	GS-100	GS-108	GS-158
Color	ivory		Black
Length	330mm	190mm	190mm
When Stored	240mm	—	—
Weight	89g	25g	25g
Diameter	ø23mm	ø14mm	ø14mm
Applicable Nozzle	GS-100N	GS-108N	GS-158N

## REPLACEMENT NOZZLES

GS-100N	GS-108N	GS-158N

**GS-108**

**SELF-CLEANING SHAFT**  
To prevent solder clogs

**GS-158**

**SELF-CLEANING SHAFT**  
To prevent solder clogs

**ANTI-STATIC MATERIAL**  
On the nozzle
